## **Financial Policy**

Patient Name	Date:

Our policy is to extend to you the courtesy of allowing you to assign your insurance benefits directly to us. This policy reduces your out-of-pocket expense and allows you to place your family under our care.

- IF YOU DO NOT HAVE INSURANCE: All payments are expected at the time of service or by an authorized payment plan. Your personal balance may not exceed \$100 at any time or care may be terminated. Our payment plans make care an affordable part of your family budget.
- 2. IF YOU HAVE INSURANCE: All deductibles and copayments are expected at the time of service or by an authorized payment plan. Your co-insurance balance may not exceed \$100 or care may be terminated. Our payment plans make care an affordable part of your family budget.

You are considered a cash patient until you bring in your completed insurance forms, and we qualify and accept your insurance coverage. We are currently accepting assignment for secondary insurance carriers. Our fees are considered usual, customary and reasonable by most companies, and therefore are covered up to the maximum allowance determined by each carrier. This statement does not apply to companies who reimburse based on an arbitrary schedule of fees bearing no relationship to the current standard of care in this area.

If your carrier has not paid a claim within sixty (60) days of submission, you agree to take an active part in the recovery of your claim. If your insurance carrier has not paid within ninety (90) days of submission, you accept responsibility for payment in full of any outstanding balance.

If you discontinue care for any reason other than discharge by the doctor, all balances will become immediately due and payable in full by you, regardless of any claim submitted.

#### **Insurance Assignment and Release**

I certify that if I, and/or my dependent(s) have insurance coverage, I will assign directly to this office all insurance benefits, if any, otherwise payable to me for services rendered. I understand that I am financially responsible for all charges whether or not paid by insurance. I authorize the use of my signature on all insurance submissions. I understand that interest is charged on overdue accounts at the annual rate of 18%. I authorize the doctor or this office to contact me via mail, email and phone in regards to treatment as well as promotional activities. This clinic may use my health care information and may disclose such information to the above–named insurance company(ies) and their agents for the purpose of obtaining payment for for services and determining insurance benefits or the benefits payable for related services. This consent will end when my current treatment plan is completed or one year from the date signed below.

#### Notice of NonCoverage

If you have insurance, insurance companies will only pay what is covered in each individual's insurance policy. Your insurance does not pay for all of your healthcare costs, specifically as it relates to treatment int a chiropractic office. Your insurance policy will only cover services that it deems are "Medically Necessary" according to their specific guidelines. When you receive a service or item that your insurance policy does not cover, then you are personally responsible for the non-covered services at the time they were rendered (unless prior arrangements have been made). Specifically, your insurance policy will not allow payment for the following non-covered services and you will have to pay out-of-pocket the normal fee as listed below because they are routinely deemed not medically necessary according to insurance guidelines: maintenance/wellness chiropractic care, nutritional supplements, therapeutic modalities used for maintenance, massage and any service beyond your benefit plan visit limitations or services that are excluded from the benefit plan.

1-141-1
Initial

### **Missed Appointment or Late Cancellation Policy**

Each time a patient misses an appointment without providing <u>at least 24 hour notice</u>, another patient is prevented from receiving care. Therefore, we reserve the right to charge an **\$80 fee** for all missed Massage appointments and a **\$50 fee** for all missed Chiropractic/Rehab appointments which are not cancelled with a 24-hour advance notice. "No Show" fees will be billed to the patient. This fee is not covered by insurance. Multiple "no shows" in any 12 month period may result in termination from our practice.
